PROFILE

Fourth-year B.Arch student at CEPT University with about two years of practice at Desiign Code (~8 months full-time, ~1.5 years part-time) across **50+ projects**. Delivered full working-drawing sets for **69 row houses** and **13-storey apartment towers** — from layouts to MEP, pile and fabrication details. Studio work spans robot-3D-printed construction, coastal housing, a museum and river research. **Available from 1 January 2027; open to relocation.**

PROFESSIONAL EXPERIENCE

Architectural Designer — Desiign Code Pvt. Ltd., Ahmedabad
Full-time ~8 months (during diploma) | Part-time ~1.5 years (alongside B.Arch) | 50+ projects

- Prepared the complete working-drawing set for **Rudveda Aalandi, 69 row houses (2025–26)**: plans, sections, toilet, front-gate and landscape details.
- Drew construction documents for **13-storey apartment blocks** (Sanvicasa): typical-floor electrical layouts, unit electrical and balcony fabrication details; building sections for the Stavya tower.
- Produced the 3-phase **Swayam township master layout**, pile centre-line plans (Radhe Avenue, Borsad) and staircase details for bungalows.
- Worked on residential, commercial, interior and landscape projects from early layouts to site; handled site visits and consultant coordination.
- Built 3D models, renders and client presentation sets.

Event Design & Production — Medspro

- Designed conference branding, scientific programme brochures, exhibition stalls, signage and print collateral for medical conferences; managed print vendors to deadline.

EDUCATION

Bachelor of Architecture (B.Arch.) — 4th year, CEPT University, Ahmedabad
Diploma in Architecture — L.J. Polytechnic, Ahmedabad

ACADEMIC STUDIOS (CEPT)

Unmaking the Perennial River CURRENT — Research-led study of the Sabarmati River Basin and Koteshwar West: spatial, ecological and social relationships.

Design X Manufacturing — *MORPHO* (2025) — Modular villa of robot-3D-printed concrete units on a precast plinth, Dholka. Whole villa: ~13 days of printing, ~2 weeks of assembly.

Home Lab — *Porous Horizons* — Housing on Willingdon Island, Kochi, for a tropical coastal climate.

Vertical Cut — *Pixelated Kailash* (2024) — Museum at Ellora.

Design for Comfort

WORKSHOPS & FIELD EXPERIENCE

SWS — Bhaktapur, Nepal led by Imran Mansuri — Urban documentation: morphology, building typologies, street mapping, measured drawings and sketches.

Timbrel Vault Construction led by Mohammedayazkhan Pathan — Hands-on build of a timbrel (Catalan) vault.

AI in Architecture led by Takbir Fatima — AI tools in architectural practice.

SKILLS

Architectural: Working drawings · Construction documentation · Architectural detailing · MEP layouts (electrical, plumbing) · Design development · Site analysis & documentation · Site and consultant coordination
Additional: Graphic & publication design · Presentation · Research · Print & vendor coordination · Teamwork

REFERENCES

Experience certificate and recommendation letter from Desiign Code Pvt. Ltd., noting a "strong understanding of working drawings and architectural detailing" — available at haritpatel.in.
